

Are We Too Busy?

Soccer, gymnastics, orchestra, baseball, violin lessons, karate, dog walking, homework, science club, boy scouts, tennis lessons, girl scouts, room cleaning, dance lessons, tutoring, piano lessons...

Aren't we tired just looking at the list of extracurricular activities our children are doing? Our children need to have outside interest and activities along with the normal childhood events, but when is it too much?

Join other interested parents to discuss finding the balance in sports, academic, and personal interests and discover if your child and family is TOO BUSY.
